- Para garantizar su seguridad, lea este manual cuidadosamente antes de la instalación y siga las instrucciones. Conserve este manual en un lugar seguro para futuras consultas.
- El fabricante no será legalmente responsable de ningún daño producido sobre el equipo o lesión personal causada por una instalación o uso no mencionado explícitamente en este manual.
- El soporte está diseñado para una fácil instalación y extracción. El fabricante no será responsable por daños al equipo o lesiones personales que se sufran de factores humanos o actos de la naturaleza, como terremotos o tifones.
- Se recomienda que el soporte sea instalado solo por personal cualificado.
- Para evitar que se caiga el producto, la instalación o retirada deberá ser realizada por al menos dos personas.
- Inspeccione detenidamente el área donde se instalará el soporte:
 - Evite los lugares sometidos a altas temperaturas, humedad o contacto con el agua.
 - No instale el producto cerca de ventiladores de aire acondicionado o áreas con exceso de polvo y humos.
 - Instalar solo en paredes verticales y evitar superficies inclinadas.
 - No instale en lugares sujetos a golpes o vibraciones.
 - No instale en lugares sometidos a la exposición directa a la luz brillante, ya que puede causar fatiga ocular al ver el panel de la pantalla.
- Mantenga suficiente espacio alrededor de la pantalla para asegurar una ventilación adecuada.
- Para garantizar una instalación segura, primero verifique la estructura de la pared, el techo o el piso y seleccione una ubicación de montaje segura.
- La pared, el techo o el piso deben ser lo suficientemente fuertes para sostener un peso de al menos cuatro veces la pantalla y el montaje combinados. La ubicación de montaje debe ser capaz de resistir un terremoto o otro golpe fuerte.
- No modifique ningún accesorio ni utilice componentes deteriorados. Póngase en contacto con su distribuidor si tiene alguna duda.
- Apriete todos los tornillos (no ejerza demasiada fuerza para evitar que se roma el tornillo o se dañe la rosca).
- Mantenga los orificios y los pernos en la pared, techo o suelo después de retirar la pantalla y el soporte. Podrían quedar manchas después de un uso prolongado.
- Dado que el fabricante no puede verificar o controlar el tipo de pared, techo o piso y la instalación del soporte, la garantía del producto solo cubrirá el cuerpo del soporte. El periodo de garantía del producto es de 5 años.
- Consulte el manual en inglés si tiene alguna duda acerca de las condiciones.
