

## IMPORTANT HAZARD & SAFETY NOTES

Please read the safety and installation instructions in this product manual carefully, before starting the installation. Failure to read, thoroughly understand and follow all instructions may result in serious personal injury, damage to the equipment or voiding of factory warranty. Original instructions. Make sure to keep this manual in a safe place.

### General safety instruction

This motorised height-adjustable trolley is designed to safely lift, lower, support, and move flat panel displays weighing up to 160 kg (352,7 lbs). The integrated motorized column provides smooth powered height adjustment, enabling ergonomic positioning for different users and applications. The robust wheelbase allows the mounted display to be relocated within indoor environments without the need for disassembly, ensuring flexibility of use. This product is intended for professional AV and IT applications such as classrooms and training facilities, meeting and conference rooms, exhibitions and showrooms, and public information environments. It is not intended for outdoor use or uneven terrain, transport in vehicles or over long distances, loads other than compatible flat panel displays, use beyond the rated maximum weight capacity.

Use the appropriate tools and equipment when installing the motorised product. Not using appropriate equipment may result in severe risk of injury. The stability can be impaired when attaching to furniture. Do not use when defective. This product can be used by children aged from 8 years and above and persons with reduced physical, sensory or mental capabilities or lack of experience and knowledge if they are under supervision or have been given instruction concerning the use of the product in a safe way and understand the hazards involved. Children shall not play with the product. Cleaning and user maintenance shall not be made by children without supervision. Noise levels during operation do not exceed 70 dB(A).

### Electrical safety

Connect unit to a free accessible 220-240V, 50/60 Hz grounded power outlet only. Make sure the unit can be immediately separated from the power outlet.

Only use unit in dry rooms, protect unit from water and other liquids. Only wipe unit with dry cloth. Do not open lift unit. RISK OF ELECTRIC SHOCK. There are no serviceable parts inside. In case of disfunction unplug unit from power outlet and call an authorised technical service person. Do not overrun or damage cables in any other way. Replace damaged cables immediately with new one from same type.

### Mechanical safety

Do not improperly load unit. Do not mount other than original parts in conjunction with original mounting parts. Do not hang on unit.

Only use original mounting parts provided with the system. Do not exceed the maximum load of 160 kg (352,7 lbs). Assure installation of unit by authorized service person only. Before moving the unit up or down assure at least a safety distance of 20 cm/8 inch from any part of the unit to any other fitment in order to avoid shear traps or squeezing points. In case of any incident, please release operating panel. Movement of unit will stop immediately.

The socket connections of the unit and the wall socket must be easily accessible. Disconnect the power cable from the wall socket before moving the product.

### Moveable and free standing units

Only operate unit on flat and stable floor surfaces. Move unit on flat floors only.

Risk of tilting when overrunning unevenness in floors, door sills and similar.

VERY HEAVY UNIT.

Severe risk of injury should the unit fall over. Lock brakes of all wheels when operating unit. Always relocate the floor stand with screen in the lowest position.

The device is not drip or splash water proof. Do not place liquids on or nearby or spray the device. Always unplug the unit from the wall socket before cleaning to reduce the risk of electric shock.

### Anti-collision protection

The protection system is designed to detect contact between the lift system and an object. This system is intended for protection of the motorised screen lift. The system is explicitly not intended as a safety mechanism to prevent personal injury.

### Instructions for disposal

Do not discard with general waste.

## EC DECLARATION OF CONFORMITY

This Declaration of Conformity is issued under the sole responsibility of the manufacturer.

### Manufacturer

Company name: Neomounts B.V.  
Full address: Wateringweg 62  
Postal code: 2031 EJ  
Place: Haarlem  
Country: The Netherlands

### Description and identification of the machinery

Generic name: Motorized floor stand  
Function: Motorized height adjustable display lift  
Model: FL55-975BL1  
Commercial name: Move Lift XL

### Compliance

The manufacturer declares that the above mentioned machinery fulfils all relevant provisions of

Machinery Directive 2006/42/EG  
EMC Directive 2014/30/EU  
RoHS Directive 2011/65/EU & delegated directive (EU) 2015/863  
WEEE Directive 2012/19/EU

In conjunction with the following harmonised standards and where appropriate other technical standards and specifications

### Safety of Machinery

EN ISO 12100:2010;

### Safety of Electrical Equipment

EN 60335-1:2012/ A15:2021  
EN 62233:2008  
EN 63000:2018

### Electromagnetic Compatibility (EMC)

EN 55014-1:2017/ A11:2020  
EN 55014-2:1997/ A2:2008  
EN 61000-3-2:2014  
EN 61000-3-3:2013

### Technical documentation for the product is available from:

Name: Neomounts B.V.  
Full address: Wateringweg 62, 2031 EJ Haarlem, The Netherlands

Place of issue: Haarlem, The Netherlands

Date of issue: September 15, 2025
