Neomounts DS60-600BL2-1 Triple monitor arm - 10-32" - 0-9 kg | 19,8 lbs (3x) - 90° tiltable - 360° rotatable - 180° swivel - VESA 75x75 - 180° lock - Black

The Neomounts DS60-600BL2-1 provides a professional and durable solution for a panoramic three-screen configuration. This triple monitor arm is constructed with a solid vertical pole, supporting monitors up to 32" with a weight capacity of 9 kg per screen. The full motion technology allows for precise adjustments in tilt, rotation, and swivel, ensuring a correct ergonomic posture and optimal workflow efficiency.

This model is specifically suited for financial institutions, control rooms, and corporate offices where the management of large amounts of data across multiple screens is essential. The robust construction guarantees maximum stability, while the integrated 180° lock mechanism protects the surrounding environment by preventing the arms from making contact with walls or partitions. The design features a subtle phone slot in the base and an integrated cable management system to maintain a professional workspace.

The arm is VESA compatible (75x75 & 100x100 mm) and includes an Easy-release system for efficient screen mounting. The DS60-600BL2-1 comes with both desk clamp and grommet mounting options, making it a versatile high-quality investment for any professional work environment.
